

### PLENARY 3

**The Power of Accountability: Girls and Women Count and Must be Counted**

Tuesday, June 4, 10:30 a.m.-12 p.m., Plenary Hall

When it comes to holding governments accountable, having access to reliable, timely, and gender disaggregated data is critical for those advocating on behalf the sexual and reproductive health needs of women and girls.

During this plenary, we will discuss and demonstrate the power of data, data disaggregation, and evidence, as we will explore how to measure commitments and how to hold governments accountable.

### **Self-care: The Next Frontier in Women's Health**

**Wednesday, June 5, 3-4 p.m., Room 217-219**

Women have long managed their own health and the health of their families—including menstruation, contraception, and pregnancy—through self-care. Despite gender bias in most health research, it's documented that when people are active participants in their own healthcare, adherence to medication and treatment regimens improve. Learn how innovations in self-care can make better health more accessible to girls and women.

**Featuring:** Jemie Shrestha, youth advocate from WRA Nepal

### **Respectful, People-Centered Care: Getting Beyond Aspirational**

**Thursday, June 6, 1:30-2:30 p.m., Room 116/117**

Ensuring high-quality, respectful, people-centered care is possible. How can providers, facilities and governments focus on the people standing in front of them, when they also must worry about supplies, infrastructure and human resources? These are some of the questions we will be discussing with participants in an interactive session.

**Featuring:** Catherine Mwale from Dowa Chapter, WRA Malawi
